

SLIDE FASTENERS WS 0 CE INVISIBLE, W5 RAINPROOF

Plastic spiral close-end zipper with teeth width 3 mm, usable for light and ladies' clothing. The slider is "invisible" - it is very good for sewing and using of zipper - it is "hidden". Lengths are from 16 to 60 cm, other colours are on request. Colours are valid for all lengths.

W5 CE and OE are spiral closed-end and open-end nylon fasteners with width of teeth 5 mm and covered by special rain-proof surface. Fasteners are made with back-side technology when spirals (teeth) are inside and top side is covered by rubber textile which protects soak of water. Length of closed-end are 14 to 20 cm, for open-end 50 to 85 cm. Black colour only. Slider allows to thread ribbon or another tag.

W0 OE is spiral open-end zipper with teeth width 3 mm, suitable for light and ladies' clothing. Lengths are from 30 to 55 cm, other colours on request. Available colours 190, 182, 137, 168 and 100 are mark by X.
