

Öko-Tex certifikace

Prym Consumer změnil způsob poskytování Öko-Tex certifikátů a není možné je zaslat jako samostatný dokument, můžete si pouze online ověřit jeho platnost.

Na stránce <https://www.oeko-tex.com/en/label-check> zadáte číslo certifikátu a tak zjistíte, zda je platný či nikoliv.

Číslo certifikátu zůstává pro daný produkt stále stejné a nemění se.

Zjistíte jej buď v našem e-shopu u konkrétního produktu - ponechali jsme dostupné neaktuální certifikáty, případně přímo na obalu konkrétního produktu.

Öko-Tex certificate

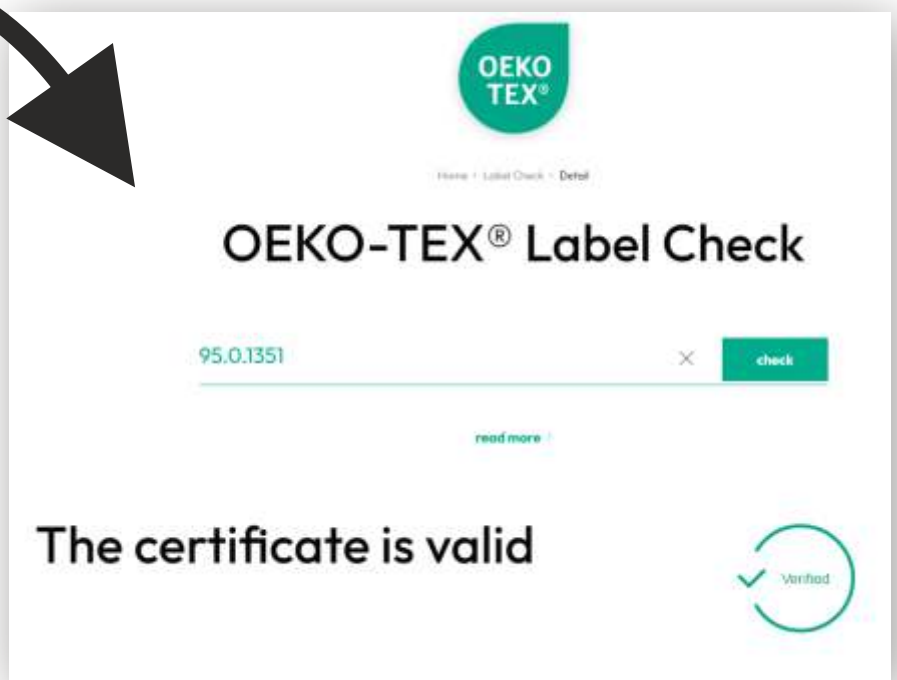

Want to check if an OEKO-TEX® label is valid?

Enter the number of certificate on page <https://www.oeko-tex.com/en/label-check>

Number of certificate can be find it either in our e-shop for on a page of the respective product - we keep Out-of-date certificates available, or directly on product packaging.

The certificate number remains the same for the given product and does not change.

The certificate is renewed automatically and you can check the validity at any time.

CERTIFICATE

The company

Prym - Fashion GmbH
Zweifaller Straße 130
52224 Stolberg, GERMANY

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use the STANDARD 100 by OEKO-TEX® mark, based on our test report **18.0.47178**

for the following articles:

Press fasteners, eyelets, buckles as well as other garment fasteners and garment accessories made from granulate-dyed plastics POM, polyester and PA6.6; stainless steel, brass and copper unplated; brass plated with nickelfree silver, nickelfree silver, shiny, antique steel, nickelfree antique, antique brass, copper plated, antique copper, black oxydized, black copper, coloured lacquered.

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Appendix 6, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Appendix 6 for baby articles.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate 95.0.1351 is valid until 31.08.2019

Boennigheim, 16.08.2018

A handwritten signature in blue ink, appearing to read 'E. Panian', is written over a horizontal line.

Dipl.-Ing. (FH) Elisabeth Panian
Head of Certification Body OEKO-TEX®
